

Governor Recruitment for St Joseph's Catholic College, Swindon

St Joseph's Catholic College is a popular and oversubscribed 11-16 secondary academy. It is a vibrant College, with exciting plans for the future. With the pupils at the heart of all we do.

We are actively looking for new governors and in particular for potential governors with experience or an understanding of educational and Religious Education matters.

We are also underrepresented at board level with candidates from ethnic minority backgrounds. Diversity is essential and the experience that comes from diversity, can be of a life enhancing benefit to our students.

People apply to become school governors for a number of reasons – from giving back to their communities, helping provide children with opportunities they had – or didn't have, to doing something different with their skills.

Whatever people's motivations: a desire to help children to have a better educational experience, to ensuring those less advantaged have every opportunity to flourish, are always top of the list.

Why not consider using your skills, experience and insight to improve the life chances of young people.
